## BCASW'S FALL CONFERENCE POSTER SESSION AND EXHIBITION PROVIDES A UNIQUE OPPORTUNITY TO SHOWCASE PRACTICE INNOVATIONS, STUDENT PROJECTS AND RESEARCH FINDINGS

The BCASW Fall Conference will highlight and celebrate the valuable contributions of social workers throughout British Columbia. The *Fall Conference 2010 Poster Session* will feature poster board exhibits and displays of the innovative work of students, researchers and clinicians. Exhibits add another level of education and networking to the conference – one that seeks to take advantage of the fact that so many social workers will be together in one place and to create a forum that facilitates information-sharing between practitioners, students and researchers from different geographic regions and sectors of work.

There will be ample opportunity to view these displays during the conference. As someone who has chosen to share your experience through an exhibit, you will want to be (as much as possible) available at your display during these times to connect and speak with other conference participants about your work on a one-to-one basis. You may also want to prepare handouts to provide to those interested and which could be available during time periods when you're not able to be at your display table.

Please submit a 200-word abstract/summary of your proposed display or poster, along with your contact information, to the Conference Planning Committee no later than September 30<sup>th</sup>. Because there is limited space available for submissions, please forward your submission as soon as possible.

**Please note also that you must be a paid registrant at the conference to display your project.**

Confirmation of the inclusion of your display will be sent to you via email. Tables will be provided for all displays but presentations boards, if desired, must be provided by the exhibitors.
