

Clinical Associate Positions (s)

Darcy Bailey & Associates Counselling is a highly respected private counselling and therapy practice which continues to expand and located in the community of Langley. We are a full-service practice, offering therapy to children, adolescents, and families as well as adults and couples. We are actively seeking skilled RSW/RCC Therapists to join our dynamic team, collaborative and professional team. This is a part time opportunity with growth potential to a full-time capacity. After school and evening availability is required, as well as consideration for at least one weekend day per month. The past year has created an increasing demand to serve clients, both in office and virtual services. The current priority for therapists is to be in person office based and there is opportunity for a clinician to provide both office and virtual services.

Preference will be given to candidates who are experienced and highly trained in child and adolescent development and mental health, family therapy, couples therapy, EMDR as well as Art Therapy and Play Therapy. Please check out www.darcybaileycounselling.com for more info!

As an ideal candidate, you are experienced in variety of clinical issues and experience with children, adolescents and families, as well as couples therapy. You are a great fit for the team if you enjoy being independent, flexible and are passionate about your work. You have strong ethics, are compassionate and work with a high level of integrity ~ these are words that should describe you!

We have an incredible office space with art / play materials as well as spacious room for talk therapy practices. We offer support of a Client Manager and a sophisticated client management system which includes a digital client file system and video calling features, which are privacy compliant.

Requirements & Expectations of Candidates:

- Masters Level graduate degree in Social Work/Counselling Psychology or a BSW with a Master's in Counselling.
- Eligibility for registration with the BC Association of Clinical Counsellors or the BC College of Social Workers & proof of registration with regulatory body.
- Current professional liability and criminal records check required.
- Demonstrated experience working with individuals, families and couples presenting with a variety of issues; priorities include experience working with children and youth.
- Assets: Training and experience in expressive therapy, Art and/or Play therapy; Emotionally Focused Family Therapy; EMDR
- Minimum 2 years work experience in a clinical setting a strong asset.
- Capacity for excellent skills in communication and organization
- Must be available to work during evenings and/or a week ends.

To submit your expression of interest for this position, please send your CV to info@darcybaileycounselling.com with a cover letter about how you think you are the right fit for the practice.
